One window for every complaint about an institution

AICTE receives complaints through the Regulation Bureau, the Public Grievance Redressal Cell and Regional Offices. This system brings them together, spots when bureaus are working on the same institution, and helps them coordinate.

About the Complaint Monitoring System

AICTE regulates technical education in India. Complaints about institutions reach different bureaus, each with its own records. This system gives authorized officials one place to see every case, who is handling it, and where actions overlap.

Our Vision
Fair, timely and transparent redressal of grievances about technical institutions.

Our Mission
Give every bureau one shared, trusted view of each institution and its cases.

Our Values
Transparency, accountability, coordination and citizen-centric service.

Bureaus and cells connected

RB
Regulation Bureau
Approvals, compliance and regulatory action on institutions.

PGRC
Public Grievance Redressal Cell
Receives and resolves grievances from students, faculty and the public.

RO
Regional Offices
Field-level verification and follow-up in each region.

Other
Other Bureaus and Cells
Cells brought in when a case needs their expertise.

From complaint to closure, without duplicated work

Every complaint follows the same path, so every bureau sees the same facts.

1. **Complaint received**
   From students, faculty or the public, at any bureau.
2. **Institution identified**
   Name cleaned and matched to the AICTE Permanent ID.
3. **Case registered**
   Unique case ID, category, bureau and officer assigned.
4. **Overlap check**
   Other bureaus' open cases on the same institution are compared.
5. **Coordination**
   Link cases, choose a lead bureau, share notes.
6. **Action and monitoring**
   Timelines tracked, alerts and escalation sent.
7. **Disposal and reports**
   Closure recorded, reports generated.

How the system supports each stage

- **One institution profile**
  All cases for a college in one place.
- **Smart name matching**
  Handles spellings and abbreviations.
- **Overlap detection**
  Compares meaning, category and dates.
- **Coordination workspace**
  Lead bureau and shared notes.
- **Timeline alerts**
  Reminders before deadlines.
- **Reports and analytics**
  Bureau, region and institution views.
